About Us

With more than 30 years of experience focused on developing and marketing new therapeutic products, Solaris Life Sciences (Pvt.) Ltd. appears well-positioned to make significant contributions to healthcare. The official establishment of the company in January 2024 marks a milestone in our continued growth and dedication to advancing pharmaceutical manufacturing.

Product Portfolio

Our diverse and innovative product portfolio, addressing a wide range of therapeutic needs includes following dosage forms:

- 1. Tablets (General Antibiotic and Specialized formulations)**
- 2. Capsules (General Antibiotic and Specialized formulations)**
- 3. Suspensions (General Antibiotic and Specialized formulations)**
- 4. Sachets (General and Specialized formulations)**
- 5. Topical Products (General Topical and Steroid-based formulations)**
- 6. Injectable (General and Antibiotic Cephalosporin)**

The comprehensive product list includes pharmaceutical generic and dosage form from different therapeutic area is enclosed in the annexure. Contact us today to learn more about how we can collaborate to meet your needs and drive mutual growth and success in the pharmaceutical industry

■ Our Vision

We aim to extend our reach beyond Pakistan's borders, not only marketing our products domestically but also exporting them to international markets.

Contract Manufacturing & Testing Services

At Solaris Life Sciences (Pvt.) Ltd., we take pride in our ability to accommodate additional manufacturing requirements, we offer contract manufacturing services to leading pharmaceutical companies, providing access to our state-of-the-art manufacturing and testing facility.

With our extensive experience and proven track record in pharmaceutical manufacturing, we ensure adherence to the highest regulatory standards throughout the production process. From raw material sourcing to formulation development, manufacturing, packaging, and quality control testing, our dedicated team oversees every step to guarantee the integrity and efficacy of the final product.

Strategic Business Partnership

At Solaris Life Sciences (Pvt.) Ltd., Marketing stakeholders can leverage our reputation for quality and reliability to drive success in their respective markets. We extend the opportunity for leading marketing stakeholders to partner with us in marketing our high-quality pharmaceutical products, both domestically in Pakistan and in international markets.

In addition to providing access to our premium product line, we offer full support in navigating the regulatory landscape in international markets. Our experienced regulatory affairs team assists in preparing and submitting all necessary documentation (Product Dossiers) required for product registration, ensuring compliance with regulations and standards.

To unlock the potential for growth and success we invite you to contact us to discuss how we can work together to achieve our shared goals.

CEO Message

"Welcome to Solaris Life Sciences, where innovation meets excellence in pharmaceuticals. At Solaris, we are dedicated to do ethical business practice, honesty and fair dealings to enhance the customer trust and our credibility worldwide. With a relentless commitment to quality, safety, and integrity, we proudly present our diverse portfolio of high-quality pharmaceutical products. Join us on our journey as we are striving to make a positive impact on global health and well-being, on innovative product at time."

Abuzar Faizy Rattu
CEO Solaris Life Sciences (Pvt.) Ltd.

■ Production Facility

Solaris Life Sciences (Pvt.) Ltd is proud to present our state-of-the-art production facility, meticulously designed in adherence to Good Manufacturing Practices (GMP) standards. Our unwavering commitment to quality and safety in pharmaceutical manufacturing is evident in every aspect of our operations.

Spanning across an impressive area of 9000 square meters, our multi-story production facility consisting a covered area of 80,000 square feet, providing ample space for our cutting-edgemanufacturing processes. Our facility is equipped with the latest high-speed automatic manufacturing machinery, designed to enhance the output while maintaining the highest standards of quality and safety.

To ensure the integrity of our products, we have implemented advanced features such as efficient Cleaning in Place (CIP) systems and Metal Detectors throughout our production process.

To safeguard against contamination and cross-contamination during the production process, we have implemented Airlocks, Interlocking Systems, and a High standard HVAC system with Desiccant Dehumidifies (**Certified by Euronet**).

Our Team

At Solaris Life Sciences, we pride ourselves on our unwavering commitment to excellence in the pharmaceutical industry. With a team composed of highly educated, experienced professionals from both multinational and renowned national pharmaceutical companies, we stand at the forefront of innovation, research, and development.

At the heart of our operations lies a fundamental belief: "Our team is our asset." This philosophy underscores our dedication to cultivating a workforce that not only excels in their professional capacities but also thrives in all aspects of life. We are more than just colleagues; we are a community united by a shared vision of success and personal fulfillment.

We understand that true success stems from continuous growth and development. That's why we invest in our team members' holistic development, offering multi-dimensional training programs that equip them with not only technical expertise but also essential life skills.

Research & Development

In the dynamic world of pharmaceuticals, innovation and continuous improvement are paramount. At Solaris Life Sciences, our Product Development Department serves as the engine driving New product development, efficiency, and advancement in pharmaceutical Formulation. Our R&D department Led by a team of dedicated professionals with diverse expertise in Pharmaceutical Sciences, Chemistry, Microbiology, and Engineering, our Product Development Department is committed to bringing novel and high-quality pharmaceutical products to market. Our mission is to conceptualize, design, and develop innovative pharmaceutical formulations that address unmet medical needs and improve patient outcomes. Through collaborative efforts with research institutions, academic partners, and industry experts, we strive to push the boundaries of pharmaceutical innovation.

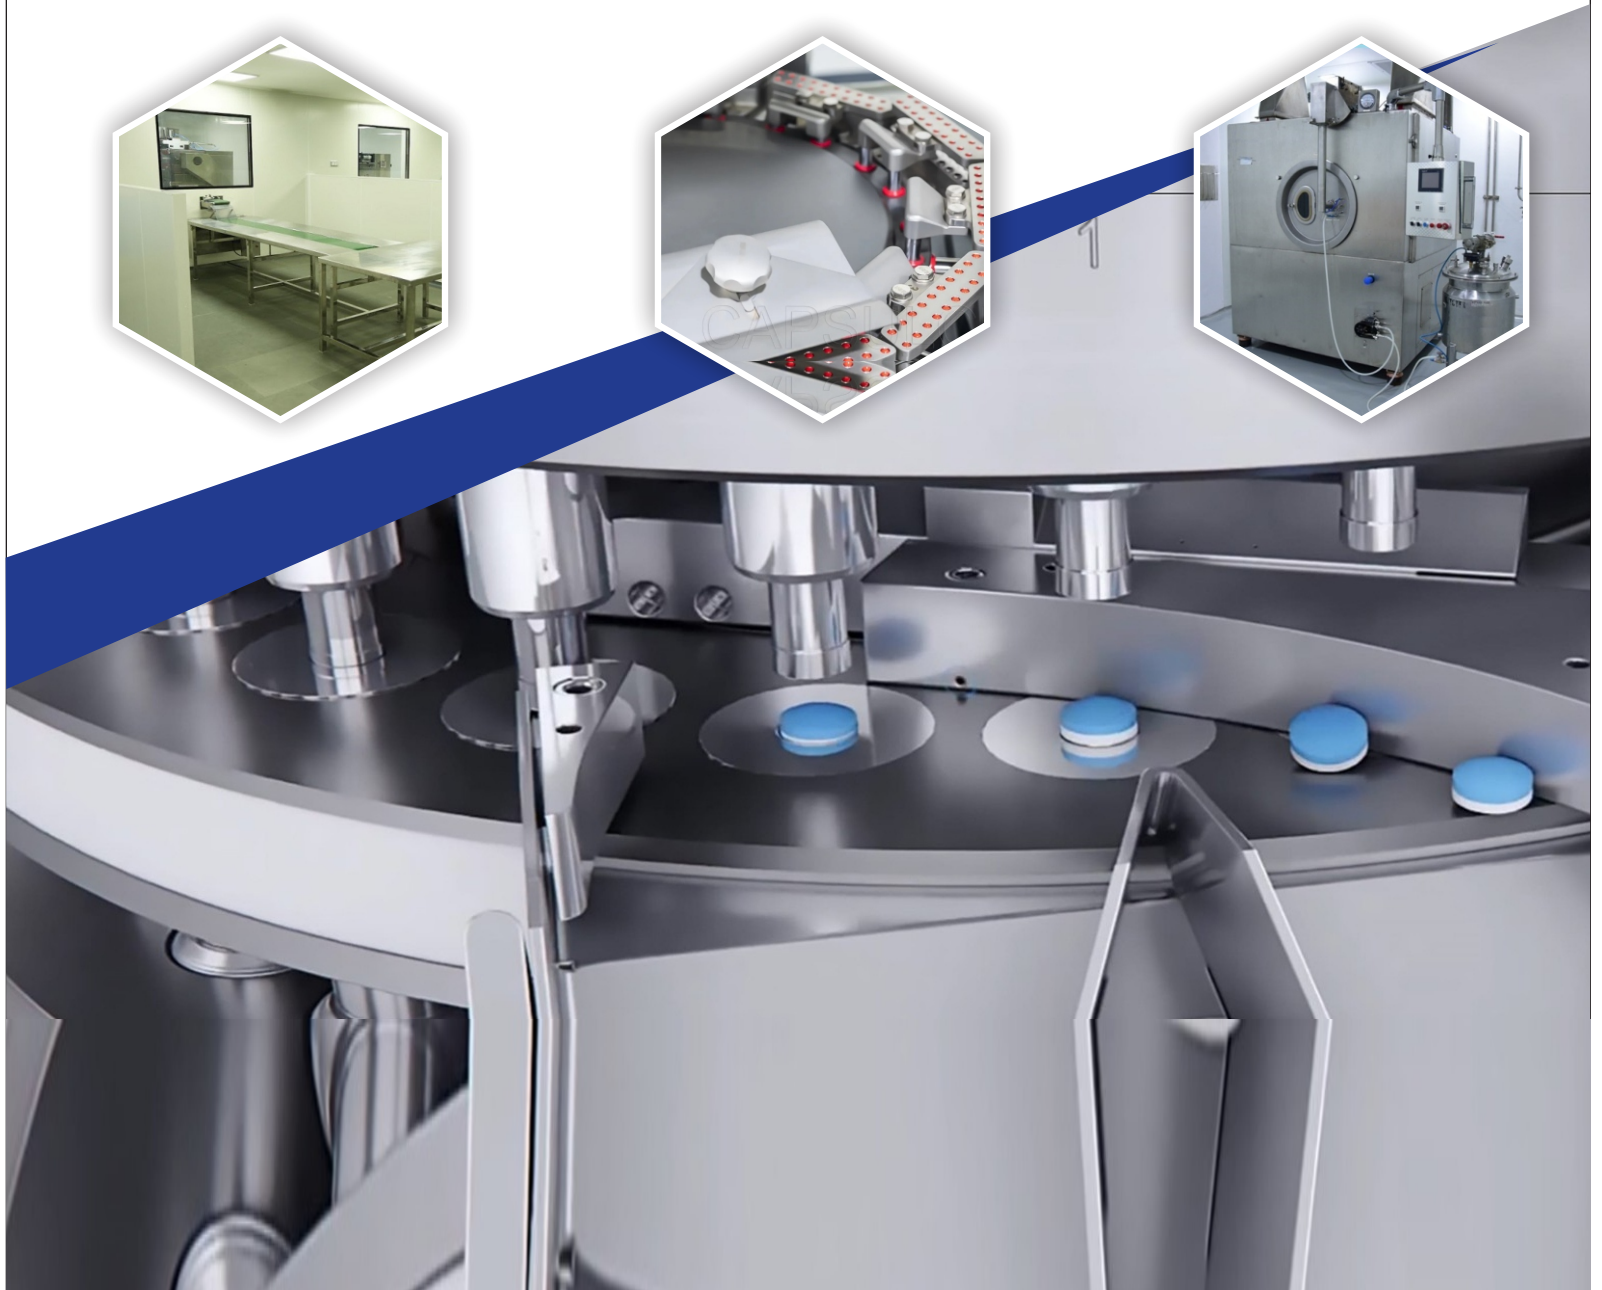

Utilizing State-of-The-Art laboratories, our Product Development team conducts comprehensive research and development activities, encompassing formulation design, process optimization, stability studies, and analytical testing. We adhere to rigorous regulatory standards and guidelines, ensuring that our products meet the highest quality, safety, and efficacy standards.

We utilize a Closed-Loop System for purified water generated through Reverse Osmosis (RO). Additionally, our Pure Steam Generator ensures thorough disinfection, further enhancing product safety. Pharmaceutical-grade clean air, achieved through VSD Screw Compressor and implemented a robust power backup system with a dedicated Power Generator.

Currently, our operational sections include:

- **Tablets Section (General & Antibiotic)**
- **General Capsules (General & Antibiotic)**
- **Dry Powder Suspension (General & Antibiotic)**
- **Dry Powder Sachet (General & Antibiotic)**
- **Topical Section (General & Steroids)**

In addition to our existing product lines, we proudly market injectable products through strategic partnerships with leading pharmaceutical manufacturer. Furthermore, we are in the process of expanding our capabilities with the construction of new production lines to meet the requirements of biopharmaceuticals and Oncology products.

Quality Assurance

At Solaris Life Sciences Pvt. Ltd., our Quality Assurance department stands as a beacon of excellence, driven by a commitment to uncompromising quality and continuous improvement. Led by a team of seasoned professionals with expertise in regulatory affairs and quality management, including PhD professionals, we uphold the highest standards in pharmaceutical manufacturing.

We strictly adhere to international standards such as Good Manufacturing Practices (GMP), Good Laboratory Practices (GLP), and International Conference on Harmonization (ICH) guidelines. Our commitment to compliance ensures that every product meets the stringent requirements set forth by regulatory authorities.

Equipped with state-of-the-art technologies and robust quality systems, our QA team conducts thorough inspections, Audits, Validations and Risk Assessments at every stage of the manufacturing process. Through meticulous documentation and rigorous testing protocols, we guarantee the safety, efficacy, and integrity of our pharmaceutical products.

Our Quality Assurance department serves as a cornerstone of reliability and trust, dedicated to safeguarding the health and well-being of patients worldwide. By delivering pharmaceutical products of the highest quality and integrity, we strive to make a meaningful impact on global healthcare.

■ Quality Control

To ensure competence, impartiality, and credibility, we have established Standard Quality Control Laboratories in accordance with the requirements of the Pakistan National Accreditation Council (PNAC) and ISO/IEC 17025 Standards.

Our Quality Control labs boast State-of-The-Art analytical equipment, including a range of High performance Liquid Chromatography (HPLC), Gas Chromatography (GC), Atomic Absorption Spectrophotometer (AAS), Fourier Transform Infrared Spectrophotometer (FTIR), UV-Visible Spectrophotometer, Disintegration & Dissolution Apparatus, Viscometer, Karl Fischer water Analyzers and miscellaneous equipment that underscores our dedication to conducting accurate and precise testing of both raw materials and finished products.

Additionally, we have set up an independent microbiology lab equipped with a clean room and safety cabinets. This facilitates Micro biologic Limits Tests (MLT), Sterility Testing of products, and Area Monitoring, ensuring the highest standards of hygiene and safety in our operations.
